MISSIONAL  
LIVING

## What We're About

Like you, we want to see the Gospel spread to all tribes, tongues, and nations. To do that, we need people who will lay down their lives and love others around the world in the name of Jesus - our missionaries! But there's a problem. Over 70% of missionaries who leave the field early leave for preventable reasons. They often lack the support or rest they need. That's why Missional Living exists. By providing low-cost housing and transportation, we want them to enjoy a restful home assignment/furlough and re-enter the mission field refreshed and energized. Plus, through personal, confidential coaching, our goal is to see missionaries receive the care and support they need to thrive in their ministry.
